

## **INCREASE THE LIKELIHOOD OF GETTING THE BEST PRICE IN PURCHASING YOUR STATION AND THE MOST COMPETITIVE SUPPLY AGREEMENT**

In the near future you are likely to receive an important and legally required notice concerning your rights and options to purchase your ConocoPhillips station. You may also be told that you can purchase your property from a third party if you sign a long term supply contract with a designated wholesaler.

You increase the likelihood of getting the best purchase price for your station *and* of getting the most competitive supply contract if you have the right representation and the right strategy.

Perez & Miller, A Professional Corporation, is a business litigation law firm experienced in the petroleum franchise field. The Firm is also *General Counsel* for “CSSARA” (California Service Station and Automobile Repair Association). Perez & Miller endeavors to provide the right representation and the right strategy for its clients.

This communication is not intended to provide legal advice, nor to guarantee or predict the result of representation.
